Leland,

We wanted to take this opportunity to commend, congratulate, and thank you for the beautiful artwork that you made for us. It was extraordinary to witness the results of the commitment and collaboration between you Help Group students and the Milken Festival for Youth. We commend you for your fine artwork, and it is hanging prominently in our two offices.

It was very gratifying to witness the broad participation of the Help Group, and especially the enthusiasm of students like yourself, who are so talented. The End of the Year Celebration at the Help Group was the highlight of our year, and we hope to see you in the future.

Keep up the great work!
